Teambuilding 2022:

Kateřina Martínková, mother of two daughters, lover of alpine hiking and winter swimming: „The idea of FGC absorbed me with its simplicity in 2013, instead of protecting and finding the guilty, the childcare field should focus on strengthening families and on what works, and that's what FGC´s are all about."

Gabriela Pavlíková, mother of two daughters and one son, aunt of seven nieces and seven nephews, lover of walks and the theatre: „Family Group Conferences proves to me every time what strength families have in themselves, all we have to do is let them meet their loved ones."
